#### CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q of Agentix Corp., a Nevada corporation (the “Company”), contains “forward-looking statements,” as defined in the United States Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as “may”, “will”, “should”, “could”, “expects”, “plans”, “intends”, “anticipates”, “believes”, “estimates”, “predicts”, “potential” or “continue” or the negative of such terms and other comparable terminology. These forward-looking statements include, without limitation, statements about our market opportunity, our strategies, competition, expected activities and expenditures as we pursue our business plan, and the adequacy of our available cash resources. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Actual results may differ materially from the predictions discussed in these forward-looking statements. The economic environment within which we operate could materially affect our actual results. Additional factors that could materially affect these forward-looking statements and/or predictions include, among other things: the volatility of oil and gas prices, the possibility that equipment development efforts will not produce equipment that prospective customers want to purchase, the Company’s need for and ability to obtain additional financing, other factors over which we have little or no control; and other factors discussed in the Company’s filings with the Securities and Exchange Commission (“SEC”).

Our management has included projections and estimates in this Form 10-Q, which are based primarily on management’s experience in the industry, assessments of our results of operations, discussions and negotiations with third parties and a review of information filed by our competitors with the SEC or otherwise publicly available. We caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

**Notes to the Financial Statements**  
**(Unaudited)**

**Note 1 - Organization and Operations**

Agentix Corp.

FairWind Energy, Inc. (the "Company", "Fairwind Energy") was incorporated on April 18, 2013 under the laws of the State of Nevada. The Company engages in composite design, engineering and manufacturing to be used in solar/wind hybrid power systems, oil and gas industry pumping and civil engineering and infrastructure products. Effective June 17, 2019, the Company changed its name to Agentix Corp.

**Note 2 - Significant and Critical Accounting Policies and Practices**

The management of the Company is responsible for the selection and use of appropriate accounting policies and the appropriateness of accounting policies and their application. Critical accounting policies and practices are those that are both most important to the portrayal of the Company's financial condition and results and require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Company's significant and critical accounting policies and practices are disclosed below as required by generally accepted accounting principles.

Basis of Presentation

The accompanying financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), and with the rules and regulations of the United States Securities and Exchange Commission ("SEC") to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. The unaudited interim financial statements furnished reflect all adjustments (consisting of normal recurring accruals) which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. Unaudited interim results are not necessarily indicative of the results for the full fiscal year. These financial statements should be read in conjunction with the audited financial statements of the Company for the reporting period ended August 31, 2019 and notes thereto contained in the Company's Annual Report on Form 10-K.

Deferred Tax Assets and Income Tax Provision

The Company accounts for income taxes under Section 740-10-30 of the FASB Accounting Standards Codification. Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statements of operations in the period that includes the enactment date.

The Company adopted section 740-10-25 of the FASB Accounting Standards Codification ("Section 740-10-25"). Section 740-10-25 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under Section 740-10-25, the Company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent (50%) likelihood of being realized upon ultimate settlement. Section 740-10-25 also provides guidance on de-recognition, classification, interest and penalties on income taxes, accounting in interim periods and requires increased disclosures.

**Note 3 – Going Concern**

The Company's financial statements have been prepared assuming that it will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As reflected in the financial statements, the Company had an accumulated deficit at November 30, 2019, a net loss, and net cash used in operating activities for the three months then ended. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The Company is attempting to commence operations and generate sufficient revenue; however, the Company's cash position may not be sufficient to support its daily operations. While the Company believes in the viability of its strategy to commence operations and generate sufficient revenue and in its ability to raise additional funds, there can be no assurances to that effect. The ability of the Company to continue as a going concern is dependent upon its ability to further implement its business plan and generate sufficient revenue and its ability to raise additional funds by way of a public or private offering.

[Table of Contents](#)

The financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

**Note 4 – Related Party Transactions**

Free Office Space

The Company has been provided office space by Michael Winterhalter, former Chief Executive Officer, at no cost. Management determined that such cost is nominal and did not recognize the rent expense in its financial statement.

Convertible Note Payable

Effective October 9, 2019, Grays Peak Ventures LLC, an entity controlled by Scott Stevens (President and a Director of the Company), purchased all convertible promissory notes from Michael Winterhalter in the principal amount of \$110,000 and \$7,808 of accrued interest.

Effective October 24, 2019, Grays Peak Ventures LLC converted all promissory notes and accrued interest for 4,712 shares of common stock. The conversion rate under the Convertible Promissory Notes was the 10-day VWAP of shares of common stock on the OTC Markets, which was \$25.00 per share on the date of conversion.

**Note 5 – Equity**

Effective June 17, 2019, the Company proceeded with a reverse stock split. All figures have been updated to reflect the reverse stock split.

**Note 6 – Subsequent Events**

There were no subsequent events through January 16, 2020, the date the financials were available for issuance.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

The following information should be read in conjunction with (i) the financial statements of Agentix Corp., a Nevada corporation (the "Company"), and development stage company, and the notes thereto appearing elsewhere in this Form 10-Q together with (ii) the more detailed business information and the August 31, 2019 audited financial statements and related notes included in the Company's Form 10-K (File No. 000-55383; the "Form 10-K"), as filed with the Securities and Exchange Commission on December 5, 2019. Statements in this section and elsewhere in this Form 10-Q that are not statements of historical or current fact constitute "forward-looking" statements.

**OVERVIEW**

The Company was incorporated in the State of Nevada on April 18, 2013 and established a fiscal year end of August 31.

Going Concern

To date the Company has little operations or revenues and consequently has incurred recurring losses from operations. No revenues are anticipated until we complete the financing we endeavor to obtain, as described in the Form 10-K, and implement our initial business plan. The ability of the Company to continue as a going concern is dependent on raising capital to fund our business plan and ultimately to attain profitable operations. Accordingly, these factors raise substantial doubt as to the Company's ability to continue as a going concern.

Our activities have been financed from the proceeds of share subscriptions. From our inception to November 30, 2019, we raised a total of \$442,301 from private and public offerings of our common stock, and \$179,000 from private offerings of debt in the form of convertible promissory notes.

The Company plans to raise additional funds through debt or equity offerings. There is no guarantee that the Company will be able to raise any capital through this or any other offerings.

#### **CRITICAL ACCOUNTING POLICIES**

The discussion and analysis of our financial condition and results of operations are based on our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States ("US GAAP"). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. We have identified the policies below as critical to our business operations and to the understanding of our financial results:

##### *Basis of Presentation*

The Company's financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), and with the rules and regulations of the SEC to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. The unaudited interim financial statements furnished reflect all adjustments (consisting of normal recurring accruals) which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. Unaudited interim results are not necessarily indicative of the results for the full fiscal year. ### Deferred Tax Assets and Income Tax Provision

The Company accounts for income taxes under Section 740-10-30 of the FASB Accounting Standards Codification. Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statements of operations in the period that includes the enactment date.

The Company adopted section 740-10-25 of the FASB Accounting Standards Codification (“Section 740-10-25”). Section 740-10-25 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under Section 740-10-25, the Company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent (50%) likelihood of being realized upon ultimate settlement. Section 740-10-25 also provides guidance on de-recognition, classification, interest and penalties on income taxes, accounting in interim periods and requires increased disclosures.

### **PLAN OF OPERATION**

We are a development stage corporation and have not yet generated or realized meaningful revenues from our business. We are involved in the design, engineering and manufacturing of composite products. The initial thrust of our business will be to supply products to the oil and gas industry. These products will include upstream production products such as sucker rods, fracking plugs, casings and other products where high temperature resistance, chemical resistance and a low weight to strength ratio products offer advantages to traditional materials (e.g., steel). If we are able to supply products to the oil and gas industry, then we plan to continue the development and sales of wind and solar hybrid energy systems. These systems also benefit from the use of higher performance materials (composites) and we will intend to incorporate them in product design and development.

*Results of Operations*

**Three-Month Periods Ended November 30, 2019 and 2018**

We recorded no revenues for the three months ended November 30, 2019 and 2018.

For the three months ending November 30, 2019, we incurred total operating expenses of \$5,032, consisting of professional fees of \$5,000, and general and administrative expenses of \$32. By comparison, for the three months ending November 30, 2018, we incurred total operating expenses of \$42,996, consisting of professional fees of \$22,661, salaries and wages to officers of the Company of \$20,000, and general and administrative expenses of \$335.

We incurred a net loss of \$9,556 for the three months ended November 30, 2019, and a net loss of \$45,324 for the three months ended November 30, 2018.

[Table of Contents](#)

***Liquidity and Capital Resources***

At November 30, 2019, we had a cash balance of \$61, and our working capital balance was \$(17,533). We do not have sufficient cash on hand to complete our plan of operation for the next 12 months. We will need to raise funds to complete our plan of operation and fund our ongoing operational expenses for the next 12 months. Additional funding will likely come from equity financing from the sale of our common stock. If we are successful in completing an equity financing, existing shareholders will experience dilution of their interest in our Company. We do not have any financing arranged and we cannot provide investors with any assurance that we will be able to raise sufficient funding from the sale of our common stock to fund our development activities and ongoing operational expenses. In the absence of such financing, our business will likely fail. There are no assurances that we will be able to achieve further sales of our common stock or any other form of additional financing. If we are unable to achieve the financing necessary to continue our plan of operations, then we will not be able to continue our development to complete our plan of operation and our business will fail.

***Off-Balance Sheet Arrangements***

The Company has no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders

**Subsequent Events**

None through the date of this filing.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.**

As a smaller reporting company (as defined in Rule 12b-2 of the Exchange Act), we are not required to provide the information called for by this Item 3.

**ITEM 4. CONTROLS AND PROCEDURES.**

**DISCLOSURE CONTROLS AND PROCEDURES**

Under the supervision and with the participation of our management, our principal executive officer and our principal financial officer are responsible for conducting an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of the end of the fiscal year covered by this report. Disclosure controls and procedures means that the material information required to be included in our Securities and Exchange Commission reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms relating to our company, including any consolidating subsidiaries, and was made known to us by others within those entities, particularly during the period when this report was being prepared. Based on this evaluation, our principal executive officer and principal financial officer concluded as of the evaluation date that our disclosure controls and procedures were not effective as of November 30, 2019.

There were no changes in the Company's internal controls over financial reporting during the most recently completed fiscal quarter that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

## **PART II. OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS.**

The Company is not currently subject to any legal proceedings. From time to time, the Company may become subject to litigation or proceedings in connection with its business, as either a plaintiff or defendant. There are no such pending legal proceedings to which the Company is a party that, in the opinion of management, is likely to have a material adverse effect on the Company's business, financial condition or results of operations.

### **ITEM 1A. RISK FACTORS**

## SECTION 302 CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER OF AGENTIX CORP.

I, Scott Stevens, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Agentix Corp.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
